Amendments to the Specification:

Please insert the following Abstract at the end of the specification:

-- In some embodiments of the present invention a gambling game system is disclosed, comprising a central station including a plurality of betting-type game devices, and an electronic camera for each game device. A plurality of player stations remotely located with respect to the central station, each one including a monitor for displaying a selected game device at the central station, and input means for selecting a game device and for placing a bet by a player at the player's station relating to an action involving an element of chance to occur at the selected game device. --

Please amend the specification as follows:

Please replace the paragraph beginning on page 5, line 6 with the following rewritten paragraph: -- FIGS. 1A and 1B are pictorial illustrations of one form of gambling game system constructed in accordance with the present invention; --
